

Metal Master Premium Coated Series

Superior Siliconized Polyester Ultra-Cool Coatings • 40 Year Limited Warranty

These stock colors are in inventory for just in time delivery. This color system combines the properties of durability and flexibility to form a highly effective heat reflective coating system. You will be pleased with long-lasting color brightness, stain resistance and cleanability. We can also match any color and custom paint to your specifications.

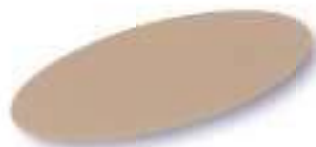

We specialize in customer service, let us know your metal needs and we will master the situation.
